## **ELECTION RESPONSE**

COMMISSIONER FOR PATENTS ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the election requirement dated November 23, 2005, Applicants provisionally elect the species of Group I, identified in the outstanding Official Action as corresponding to Figures 3-4, for further examination on the merits.

Applicants respectfully traverse the election requirement because it indicates there are no generic claims.

Claims 1, 5, and 9 at least cover species I, Figs. 3-4, pertaining to multiple events set that overlap in time, wherein only one event can be done at a given time and priority can be given to one of the two program events A & B. However, Claims 1, 5, and 9 are also generic, because they also cover Species II, Figs. 5-6. For example, Fig. 5 and Claims 2-4, 6-8, and 10-12 each include the step of judging if programs are simultaneously recordable, and if they

are judged not to be, the steps included in Claims 1, 5, 9 and Fig. 3 are then followed. Thus, all the steps of Claims 1, 5, and 9 are found in Fig. 3 as well as Fig. 5.

Accordingly, examination on the merits of Claims 1, 5 and 9 is believed to be in order, and an early and favorable action to that effect is respectfully requested.

Respectfully submitted,
